Surgicell Industries

Manufacturer and Exporter of Surgical, Dental, Orthopedic Instrument ,Orthopedic Implants, Beauty Care Instruments and Laryngoscopy instruments.

www.surgicell.com

Welcome to **SURGICELL INDUSTRIES**

SURGICELL INDUSTRIES was established in 1190 in Sialkot (Pakistan), a city which is globally famous for high quality surgical instruments manufacturing.

Our main focus is on the design and development of instruments for Minimally Invasive Surgery and our current product range involves Reusable and Single use Laryngoscope, Diagnostic instruments, surgical instruments, dental instruments, orthopedic implants and instruments. New products are regularly added to our ever-increasing products portfolio, a proof our firm commitment on research and development.

Our dedicated technical staff works closely with doctors to understand their needs and then convert their ideas into practical products with high index of safety and performance. Our company puts a lot of emphasis on customer satisfaction. We achieve this through an excellent products quality, quick delivery and most importantly, an efficient after-sales service.

Our Vision:

To be recognized as Pakistan's No.1 Surgical Solution provider.

Our Mission:

To improve patient safety by promoting surgical education through providing cheaper and better surgical solutions.

We look forward to being of service!

To promote surgical education.
